

Sumo Productions

SG Sumo Productions mission is to promote and introduce Sumo this most fascinating Sport to an ever increasing International public.

We are able to provide European and Japanese wrestlers for demonstrations, competitions and guest appearances. Every project is individually tailored to the clients' needs and wishes. From company days to, introduction of new company products, exhibitions etc. You only have to use your imagination. We are also specialised in making TV productions.

Here are a few of our past clients.

Private functions

We have also delivered sumo wrestlers for many exclusive private gatherings and events but due to the respect of our internationally known clients wishes we cannot give any written information over these appearances.

Company days

We are also available for company functions such as team building days, after dinner speaking etc, our coaches are also used often for motivation days congresses.

Sumo is not just a sport but a way of life. It dates back almost 2000 years. Apart from the immense physical impact of the wrestlers there is an immense background of traditions and mystery that surround this most unique Japanese Sport.

If you are looking for something different for example a company party or to attract people or draw attention to your business or product then even to promote and motivate your work force Sumo Productions can help you.
